

Local Government Officials e-Guide to COMMUNICATIONS FACILITIES SITING

Order your copy of
the e-guide today!

What every local official needs to know about facilities siting.

This Essential electronically published Guide includes:

- ✓ A complete introduction to facilities siting for local governments
- ✓ A review of federal, state and local laws on facility siting including lessons learned from court cases involving siting decisions
- ✓ Establishing comprehensive and effective wireless zoning codes
- ✓ How to establish a win/win relationship with facilities companies— to ensure full coverage and appropriate compensation for all parties
- ✓ Case studies of local government and wireless carrier collaboration
- ✓ Use of co-location, creative stealth technology and other appealing solutions for your community
- ✓ Guidelines for dealing with radio frequency emissions safety
- ✓ Protecting public safety communications from interference

This electronic guide will be available in mid-May.
